Synopsis

AIRLOCK has been released from the hospital. He will be assigned to OBATLANTIS as W/T operator.

Training course for W/T's completed 1 April 1954.

AIDEFT will be disposed of.

1. AIRLOCK was dismissed from the hospital on 21 March. While in the hospital, he was given a complete physical check-up and all tests came out negative. The doctor reports that the main source of trouble seemed to be a neurosis.

2. On the evening of 22 March, an argument developed over a game of cards. As a result, AIDEFT punched RNDOLLAR's jaw. The next morning, 23 March, AIDEFT received a minor cut on his scalp from a board wielded by RNDOLLAR. Because of this matter, RNDOLLAR was moved to a hotel in Chalkis on 24 March. He will remain there until he is moved to OBATLANTIS O/A 20 April with his FRIDAY team members for training prior to their infiltration. AIDEFT was moved to "the ranch", a safehouse in Glyfada.

3. AIRLOCK is replacing AIDEFT as OBATLANTIS W/T operator. The reason for this change is that AIDEFT is considered unreliable because of his physical

condition (blood

condition (blood pressure, headaches), and his inability to get along with co-workers. AIRLOCK was transferred to a safehouse in Kifissia on 14 April where he will receive the advanced training necessary for his new assignment. A detailed report on this development involving AIRLOCK and AIDEFT will be forwarded.

4. The training of the W/T's was formally completed on the night of 1 April. The men set up a D/Z and received a supply drop. It is ☐ ☐ opinion that all of these men were good students. They were well motivated, eager to learn, and very co-operative. For the main part, they worked well together, however, at times little difficulties arose among them which had to be treated with tact. These men sometimes take a minor incident very seriously. When this happens they consider their honor damaged and feel that they must have revenge. They seem to never forget, and will carry a grudge to the grave. The work around the house and the marketing is divided equally among the men, and as a rule any problem which arises is immediately brought to the attention of the case officer.
